Download Need For Speed NFS Most Wanted Black Edition repack Mr DJ for free on your PC. All versions are available. The game was released in 2005 and is the sixth installment in the Need for Speed franchise. The game takes place inside a fictional city called Rockport which has 3 distinctive boroughs, each representing a different time period of American car culture. It would be difficult to find any other racing video game with this level of attention to detail, not only about the cars but also about America's car history as well. Rockport's exterior is based on coastal California. Notably, the classic car scene in the years after World War II is explored, especially the renowned Hot Rod movement. The Hot Rods are represented by a set of "Winning Cars", representing the cars that won their class at over 50 races throughout the game's history. Resident Commissioner James Marshall explains his aspirations for preserving Rockport as "America's most drag-racing city" - creating drag strips throughout Rockport to promote drag racing not only as a sport, but as a way of life for African-Americans and other minorities who were barred from participating in other forms of drag racing at the time. Marshall wishes to turn Rockport into "the new Laguna" - the birthplace of the automobile culture hot rod movement. Marshall takes his role seriously, often dressing up in red firesuit with his back turned to crowds while dragging race cars on the road. The game starts off with a glimpse into racing legend Keiran Milford's past life, also depicting him as an African-American drag racer fighting for equality in racially-segregated races. The story of the game twists and turns, producing some incredibly tense moments of car crashes, shootouts and other dramatic events. The main antagonist is a mysterious man, who is revealed to be the infamous street racer known as Razor. Razor is a mysterious man who has been weaving his way through the city's underground club scene in an attempt to become its new undisputed king. Razor has been terrorizing the streets with his aggressive driving style and reckless disregard for public safety.
